3 A number of other emerging markets will also take centre stage - Mexico could be larger than the UK and Germany by 2050 in PPP terms and six of the seven largest economies in the world could be emerging markets by that time 4 Meanwhile, the EU27 share of world GDP could be down to less than 10% by 2050, smaller than India 5

Real-time payments are changing the reality of payments

Real-time payments can benefit financial institutions (FIs), merchants, consumers and society by offering enhanced visibility into payments, by enabling better cash management and by helping businesses better manage day-to-day operations by improving liquidity. The liquidity improvement can be especially impactful to small merchants who may
